

NimbusCarta - Delivery Policy

Document ID	DEL-POL-04
Title	Delivery Policy
Version	1.0
Status	ACTIVE
Effective date	2026-01-01
Expiry date	2027-12-31
Category	policy
Owner department	Logistics

1. Purpose and scope

Purpose and scope: this document applies to all NimbusCarta customer-service staff, outsourced agents and automated assistants. Where this document conflicts with a FAQ or an older version, the active policy version takes precedence (GEN-POL-01).

This policy covers domestic deliveries fulfilled by NimbusCarta and its courier partners, including express and scheduled delivery.

2. Definitions

Dispatch: the parcel has left a NimbusCarta warehouse with a carrier scan. Delivery window: the date range shown at checkout and in the order confirmation.

Delayed shipment: a parcel that has not been delivered by the last day of its delivery window. Lost shipment: a parcel with no carrier scan for 7 calendar days, or confirmed lost by the carrier.

3. Standard delivery times

Major cities (Lahore, Karachi, Islamabad, Rawalpindi): 3-5 business days. Other cities: 5-8 business days.
Remote areas: up to 12 business days.

Delivery times are estimates. The FAQ FAQ-DEL-01 repeats typical times for customers but cannot override this policy.

4. Tracking and customer updates

Every order receives a tracking link at dispatch. Agents must read the latest carrier scan before replying and must not quote a date that does not appear in tracking.

5. Delivery exceptions

5.1 Address problems

If the courier cannot find the address, the customer is contacted twice before the parcel is returned to the warehouse.

5.2 Delayed delivery

Agents must verify shipment status in carrier tracking before quoting an arrival window.

Compensation is not automatic. There is no automatic shipping credit for a delayed order. A supervisor may approve a shipping credit of up to 10 percent of the delivery fee only when the delay exceeds 5 business days and was caused by NimbusCarta or its courier.

Customers quoting the retired 'automatic 10% shipping credit' (version 0.9, superseded) must be told politely that the rule no longer applies.

5.3 Customer not available

After two failed attempts the parcel is held at the nearest hub for 5 days.

6. Lost shipments

6.1 Lost shipment

Open a carrier investigation as soon as a parcel meets the lost-shipment definition. Investigations close within 5 business days.

After the investigation, offer a replacement or a refund according to REF-POL-01. Do not guarantee next-day delivery of the replacement.

6.2 Delivered but not received

When tracking shows delivered but the customer did not receive the parcel, request a signed declaration and open a carrier investigation.

7. Wrong item delivered

7.0 Wrong item

Arrange a reverse pickup within 3 business days and ship the correct SKU once the pickup is scanned.

Customers are not entitled to keep both items by default. Any exception requires supervisor approval.

8. Version history

1.0 (2026-01-01): removed automatic delay credit; added supervisor-approved credit (5.2). 0.9 (2025-01-01): superseded.
