1. Primary routing

Delivery to Logistics. Billing, cancellations and refund-missing cases to Billing. Refunds to Returns. Product defects and warranty to Warranty.

Technical issues to Technical Support. Service quality and staff behaviour to Customer Relations. Account takeover and lockouts to Account Security. Privacy to Compliance. Safety to Safety.

2. Supporting departments

When a complaint has several issues, the primary issue's department owns the case and the other departments are added as supporting departments.

3. Unclassified complaints

Complaints that match no rule go to Customer Relations for manual classification.
