

SupportNova - Billing Policy

Document ID	BIL-POL-02
Title	Billing Policy
Version	1.0
Status	ACTIVE
Effective date	2026-01-01
Expiry date	2027-12-31
Category	policy
Owner department	Billing

1. Purpose and scope

Purpose and scope: this document applies to all SupportNova customer-service staff, outsourced agents and automated assistants. Where this document conflicts with a FAQ or an older version, the active policy version takes precedence (GEN-POL-01).

Covers card, bank transfer, wallet and cash-on-delivery payments, invoices and subscriptions.

2. Payment capture

Card payments are authorised at checkout and captured at dispatch. A pending authorisation is not a charge; it drops off within 3-5 business days (see FAQ-BIL-01).

3. Charge disputes

3.1 Duplicate charges

Duplicate charges are reversed after transaction matching against the payment gateway report.

Only the confirmed duplicate capture is reversed. Do not refund unrelated charges.

3.2 Chargebacks

A customer chargeback is handled by the Billing team and flagged to Compliance.

3.4 Incorrect charges

Compare the invoice with the catalogue price on the order date. Differences are corrected to the catalogue price.

Goodwill credits require supervisor approval and cannot exceed the policy cap of PKR 2,000 per order.

4. Invoices and tax

Business customers may request a corrected invoice within 30 days. GST is shown separately on every invoice.

5. High-value disputes

Any disputed amount of PKR 200,000 or more is escalated to the Billing department manager (ESC-SOP-01).

6. Subscriptions

6.0 Subscription renewal

NimbusCare+ renews automatically. A reminder is emailed 7 days before renewal.

If the reminder was not sent, the latest renewal may be reversed. Historical renewals are not refunded.
