

SupportNova - Warranty Policy

Document ID	WAR-POL-03
Title	Warranty Policy
Version	1.0
Status	ACTIVE
Effective date	2026-01-01
Expiry date	2027-12-31
Category	policy
Owner department	Warranty

1. Warranty cover

Purpose and scope: this document applies to all SupportNova customer-service staff, outsourced agents and automated assistants. Where this document conflicts with a FAQ or an older version, the active policy version takes precedence (GEN-POL-01).

All SupportNova products carry a 12-month manufacturer warranty from the delivery date. Older in-box leaflets that mention 24 months were withdrawn in 2025 and do not extend cover.

2. Arrival defects

2.1 Dead on arrival (DOA)

DOA replacements require proof of purchase and a report within 7 days of delivery.

Verify the purchase window before arranging a DOA replacement. Agents must not extend the warranty unofficially.

2.2 Damaged on arrival

Damaged-on-arrival replacements need photo evidence of the product and packaging (unboxing photos).

Cosmetic packaging damage where the product works (scratches, scuffs, a dented box) is low priority: request photos and confirm the product works. No replacement or refund is approved before inspection.

3. Claims process

Collect the serial number, invoice and a description of the fault. Claims are assessed by the service centre within 5 business days.

4. Exclusions

Water damage, physical damage caused after delivery, unauthorised repairs and missing serial numbers void the warranty.

5. Expired or denied warranty

5.0 Warranty denied

Check the warranty window and serial before confirming a denial.

Expired warranties are not overridden by agents. A customer request to make an exception is escalated to a supervisor and a paid repair quote is offered.
